

# Mad

Vivian Green

Called me screamin'  
Tellin' me your leaving  
You can't take it no more  
But that's so crazy  
Cause it's me  
Whose fed up  
You been messin' up  
I been sittin'  
And waitin'  
But now I'm goin' on  
You pushed me over  
And over again  
Don't know how to  
Talk to me  
Don't know how to  
Treat me  
But your twisted  
In your head  
Somehow you reversed it

I make you  
I make you  
Mad  
Is what you say  
I make you baby  
You ain't seen  
Mad  
Baby until you seen  
What you created in me

Many years gone by  
My life gone  
With them  
Thinkin' you change  
But I don't know why  
Givin' everything  
Gettin' nothin'  
But your promise  
Bogus  
Total disregard  
For me and my feelings  
Don't have to  
Deal with this  
Lookin' at you  
Makes me sick  
Ooh oh ooh  
You treat me so nasty  
The thought of you  
Touchin' me  
Makes me wanna vomit baby  
But somehow you reversed it on me

I make you  
I make you  
Mad  
Is what you say  
I make you baby

You ain't seen  
Mad  
Baby until you seen  
What you created in me

I make you  
I make you  
Mad  
Is what you say  
I make you baby  
You ain't seen  
Mad  
Baby until you seen  
What you created in me

Done nothin' but  
Takin' advantage of me  
Mistaken my niceness  
For someone weak  
Now you gon' tell me  
That you gon' leave  
Well after all you  
Done to me  
That would be  
The nicest thing

Called me screamin'  
Tellin' me your leaving  
You can't take it no more  
But that's so crazy  
Cause it's me whose takin  
All I can take  
I have crossed over  
From love to hate

I make you  
I make you  
Mad  
Is what you say  
I make you baby  
You ain't seen  
Mad  
Baby until you seen  
What you created in me

I make you  
I make you  
Mad  
Is what you say  
I make you baby  
You ain't seen  
Mad  
Baby until you seen  
What you created in me
