

This cake is half eaten  
I don't remember a bite  
My soul is badly beaten  
and I can't remember the fight

Crawlin' with an open wound  
Wipin' the mud from my eyes  
Endless guilt is kickin' me  
I'll never be free, 'cuz

I live on a page that I can't read  
I live in a cage of confusion  
I live on a page that can't be turned  
I live in a rage, everlasting  
Everlasting

I'm slowly suffocating  
Under a blanket of questions  
Who am I, do I know me?  
Am I a box of suggestions?

Well I don't know how this ends  
These days we call life  
Is there time to make amends?  
Well no one knows, 'cuz

I live on a page that I can't read  
I live in a cage of confusion  
I live on a page that can't be turned  
I live in a rage, everlasting  
Everlasting

I've become, I've become delirious, 'cuz

I live on a page that I can't read  
I live in a cage of confusion  
I live on a page that can't be turned  
I live in a rage, everlasting  
Everlasting

I live on a page, I live in a cage, I live in a rage x2  
Everlasting
