

# The Girl That Doesn't Exist

Viza

With a lie you deny your own mind,  
to see that her being is blind.  
A quest for a creature so pure,  
with an aura oh so premature.  
Would you know her?  
Have u seen her?  
Do u know how she looks in ur mind?

Is she waiting?  
Disappointed?  
Does she know that love is blind?

Was she just a stranger?  
Or someone that you missed.  
Were you disappointed?  
While searching the world for the girl that doesn't exist.

Who appears with a tear in a dream,  
and gets lost in a mystical stream.  
She'll feast on your your thoughts and ur mind,  
like a beast in the wild so unkind.

Would you know her?  
Have u seen her?  
Do u know how she looks in ur mind?

Is she waiting?  
Disappointed?  
Does she know that love is blind?

Was she just a stranger?  
Or someone that you missed?  
Were you disappointed?  
While searching the world for the girl that doesn't exist.
