

Just Like You

Voice Of The Beehive

You're my little love gun
You are my beehive stinger
I'll be your braille if you'll
Read me every night
You are my cup of tea and
I'll drink you very slowly
You are the church of love and
Suddenly I'm feeling holy

It's just like you, to make me shiver when I'm sweating
It's just like you, I'm pulling at my party frock
It's just like you, to leave me shaking in my go-go boots
I've seen love it might be true, I've seen love, it looks just like you

You are my second skin
You're like a birthday wish
I haven't eaten all day long and
Baby you're my favorite dish
You're the plug and I'm the socket
I'm the moon and you're the rocket
You can sing it, you can talk it
You're the change in my back pocket

It's just like you, to make me shiver when I'm sweating
It's just like you, I'm pulling at my party frock
It's just like you, to leave me shaking in my go-go boots
I've seen love it might be true, I've seen love, it looks just like you
Just like you

Angel, I feel I'm flying with the angels
And on my naked back are soft white wings
And they will fly me to my angel
You're a present and the past
I'll unwrap you save the paper
Blinding my eyes with a blast
The devil and the saviour
You're the trash that I should toss
Or the treasure I should savor
You are everything and less
You're the rag and I'm the mess

It's just like you, to make me shiver when I'm sweating
It's just like you, I'm pulling at my party frock
It's just like you, to leave me shaking in my go-go boots
I've seen love it might be true, I've seen love, it looks just like you
I've seen love, it looks just like you
