

Relief

Voices of Destiny

You will drown in mudd
And I will stand above
Laughing how ridiculous
You\'re lying on the ground
You\'re crying to be found

Do you want me to extend my hand?
Save yourself, I won\'t regret
NO REGRETS

I tried to erase
So I kicked your face
I watch you bleeding out
I WANT TO STAMP YOU OUT NOW

Should I dry all of your bloody tears?
Trust me, red looks really fine

Mine is the upper hand
A fact that you can\'t stand
Get nothing but scorn and derision
Without a sign of pity you call this insanity
I tell you I could not be farer from this

Do you want me to extend my hand?
Of course I do
To pull your heart out of your chest
Throw it down and walk away relieved
