

# Earthache

**Voivod**

Nature's life fades away  
And the world is at stake  
While our days are numbered  
The lobby's talking whatever

Blah Blah Blah is that all you say?  
Blah Blah Blah is that all you say?

Many times we have failed  
Time for change, but too late  
Indicators, long time red  
Hell awaits, waits ahead

Blah Blah Blah is that all you say?  
Blah Blah Blah is that all you say?  
Blah Blah Blah is that all you say?  
Blah Blah Blah is that all you say?

Blah Blah Blah is that all you say?  
Blah Blah Blah is that all you say?
