Forlorn

now i've come back crusing the day my maker took my strength away planet control to save my world mission complete though I am weak lost in this world I am forlorn loss of this world I am forlorn I fight alone me with my selves battling ghosts part of this hell give me some rest I feel so old my blood is drained turning me cold lost in this world feeling forlorn loss of this world I am forlorn lost in this world feeling forlorn loss of this world I am alone shadows here in this place planet fear death is near anark my given name close my eyes fade away...
