You'll be fine

Over yesterday
Stealin' hours away
Still I can relate
I'd love to think that you'll be fine
I get it out the way
Take another saint
It's all for nothing
Else but numbing the pain
And still I hope that you'll be fine

Over yesterday
Stealin' hours away
Still I can relate
I'd love to think that you'll be fine
I get it out the way
Take another saint
It's all for nothing
Else but numbing the pain
And still I hope that you'll be fine
