

See You Again

Volumes

Tell me you feel fine
But lately, I can read between the lines
I never dreamed that it would feel like this
A sinking guilt over the signs I've missed

The scenes inside the mind
Memories of a fallen friend
We've come to an end
And I was hoping, maybe I could see you again

When the sun goes down
When the blood runs out, where will you go?

'Cause you're all I've got
And I was hoping, maybe I could see you again
Maybe I could see you again

Pull me down the sides
I never felt so blind, if only it was temporary
They didn't think you tried

I'm holding on to time
Didn't see the signs before you'd go
If only it was ordinary
But right now I was hoping I could see you again

The scenes inside the mind
Memories of a fallen friend
We've come to an end
And I was hoping, maybe I could see you again

When the sun goes down
When the blood runs out, where will you go?

'Cause you're all I've got
And I was hoping, maybe I could see you again
Maybe I could see you again

Read between the lines
Tell me you'll be fine

The scenes inside the mind
Memories of a fallen friend
We've come to an end
And I was hoping, maybe I could see you again

When the sun goes down
When the blood runs out, where will you go?

'Cause you're all I've got
And I was hoping, maybe I could see you again
Maybe I could see you again

Read between the lines
Tell me you'll be fine
