

Undesirable obligations against ideologies unworthy recognition  
From within the eyes of the self claimed superior rulers

Traitors born traitors, slay them at birth  
Baptise the sinners, in their own blood  
Expendable bodies, screaming for death  
Suffer in silence, one final war

Glorified lunacy sweeps weaker minds control  
Mandatory means of violence words from greatness already doomed

Mournful screams threaten to silence hatred hidden from outside eyes  
Visions obsolete slowly dying prayers answered with silence

Ancient spiritual tormentor consumes fear no longer  
Immortality abandoned by faith as mortals they bleed

World in disorder brought into chaos  
Exterminate those, fallen from grace  
Insanity rules, chaos will rise  
Uncontrolled conflicts, panic attacks  
War declarations, the holy war starts  
Religious world war, hypnotized mass  
Charge for glory, die for honour  
Global insanity, world wide collapse
