

Regorge in the Morgue

Vomitory

Trapped in cold steel, nurture your body by your own skin
Panically painful, pharynx swollen from infected meat

Cannibalistic solution, masticating bile
Phlegm and gastric juice, putrid mucus
Arteries bursting, nervous system collapse
Intestinal canal, filled with your own flesh

Regorge in the morgue
Chewing, dribbling gluttony
Congested spews regurgitated
Regorge in the morgue
Visceral nutritious mush
Die with a purulent smile

Decompose, canker, already swallowed vomits
Anthropophagite, gluttonize, in your own festering flesh

Regorge in the morgue
Chewing, dribbling gluttony
Congested spews regurgitated
Regorge in the morgue
Visceral nutritious mush
Die with a purulent smile
