

Loveless Loving

Votchi

She's the kind of girl who was made for me.
I can get from her only what I see.

We don't use any type of communication,
The only thing we do is the action.

ref: Loveless loving is what keeps us together.
Loveless loving. Love is free! echo [Love is free]
Loveless loving, our time is now or never.
Loveless loving... Give it to me, 'cause I want to be free, please be so kind to me.

Day after day and night-by-night
We are like two fires without a light.

I wonder if this can last for a long time.
Maybe tomorrow it will be time to say good-bye.
