Scary Woman

Votchi

I'll tell you story out a very old lady.
She's living in the forest. No one knows where she may be

She's hiding in the bushes, but she's not so bad.
She wears glasses and a leather coat on her back.

Her name is written in all the fairy tales.
But if you meet her, please, don' give her names.

She's hiding in the bushes somewhere, in there.
She's a scary lady from a fairy tale

[: The scary woman is there, somewhere
She's hiding in the bushes, somewhere, in there :]

Scary woman, where can she be, yeah
