

# Shout It Loud

Votchi

Shout it loud  
It lies on the rhythm  
Shout it loud  
It lies on the beat  
Shout it loud  
It lies on the rhythm  
Shout it loud  
It lies on the beat

Do it now  
move to the rhythm  
do it now  
everybody  
do it now  
move to the rhythm  
do it now  
shout with me!

Hard rock comes from seventies  
and we bring it to your knees  
let the music change your life  
that's what we understand...
