

You'll Never Find Out

Votchi

You'll never find out what true love is about,
and you'll never find out what is real.

As you deceive yourself as you deceive your girl,
You become part of the show.

Go to the florist, buy hundreds of roses,
The girl is from Strawberry Fields.

She's got a wet dress and her beauty is confessed.
She's a mermaid cast out from the sea.

Her life would be happier, there's nothing easier,
Cherish your love, set her free
