

# I Am The Revolution

Voyager

I am the revolution  
I give it all my heart  
This is the right solution  
Tear it all apart

Round and round  
As the silence sounds  
And the world goes round  
I will understand

Choice is mine  
And it's not a crime  
And I have the time  
That it's in my hands

Round and round  
as the silence sounds  
and the world goes round  
I will understand

Take this doubt figure out the sound  
Understand this revolution of man

This revolution of man

I am the revolution  
I give it all my heart  
This is the right solution  
Tear it all apart
