

Get Away

Wade Bowen

You got your getaway and I got mine.
Go ahead and run but girl take your
time. There's No tellin' what we both might find.
You got your getaway and I got mine.

We've been at each other's throats for a while.
I think we just need some rest.
Both got different ways of handling things,
we've gotta get through all this mess.
Take a break from tryin' to please one another,
we might actually find the truth.
Who we are, and what we're about.
There something to ourselves we get to prove.

You got you getaway and I got mine.
Go ahead and run but girl take your time.
There's no tellin' what we both might find.
You got your getaway and I got mine.

Think I'll drive out to my brothers' land.
Treat a six string as my best friend.
Sit by the water and I'll think all night.
Send my mind into a relative spin.
If I know you, you're probably callin' the girls,
plan a night on the town.
You'll talk angry and you'll talk mad,
but you'll run to me when the end of the night rolls around.

I'm not tryin' to be clever.
And you know that I'll never let you leave.
I just want you to be happy, every things gonna be alright,
it always is with you and me. Yeah.

You got you getaway and I got mine.
Go ahead and run and, girl take your time.
There's no tellin' what we both might find.
You got your getaway and I got mine.
