

Hangin' Out in Bars

Wade Bowen

I've been hangin' out in bars
I've been wonderin' where you are
Sittin', starin' at the wall, hopin' maybe you might call
Even though I know it's wrong
I think I'll have another round
I can't help but hear the sound
Of all these lonely hearts in here, just drownin' in their beer
This is where I must belong

I've been goin' out too much
Tryin' to forget your touch
I've been searchin' high and low
All the places that we used to go
And all my friends say I'm in too deep
I've been hittin' it way too hard
That's what you get when you spend all your time
Hangin' out in bars

That girl that just brought me my drink
She kinda looks like you I think
Naw maybe it's just me, think I'm goin' crazy
I always think see your face
One day I'll get up off the stool
Cause I'm so tired of playin' the fool
But I've got nowhere else to be, and no one can make me leave
Yeah I know it's gettin' late

I've been goin' out too much
Tryin' to forget your touch
I've been searchin' high and low
All the places that we used to go
And all my friends say I'm in too deep
I've been hittin' it way too hard
That's what you get when you spend all your time
Hangin' out in bars
4x
