## Wage War

I bet you think that you're on top of the world,  
But it's gained you nothing and that's what you deserve  
Walk around with no regard for anyone else  
You'll get what's coming to you, this much I promise to tell

I just don't understand the sickness you are  
Disrespectful punk, only set out to harm  
This time you struck too close to home  
When you hurt what's mine, you cast your last stone  
You cast your last stone

Coward  
You were never worthy to stand  
You don't know what it takes  
You don't know what makes a man  
Spineless  
It's about time that you learn some respect  
So listen close, here's a lesson that you'll never forget

First blood

You drew first  
Here's a lesson that you'll never forget  
Next time you speak that name, I'll make sure you regret it
