

## 0-100 (Freestyle)

Waka Flocka Flame

BSM we ain't a label, we a fucking mob  
Every single nigga with us is a fucking boss  
Nigga imma keep it real, that's a fishing rod  
If you got a problem, we got shooters that'll get involved  
Oh Lord  
Yall done got em started, nigga  
Oh Lord  
When they pull them choppers out you better run for it  
And that's just on some trill shit  
They go to 0 to 100 nigga real quick  
They say Flocka can't rap  
So what? I don't need it  
I put niggas in the trap  
Now I'm what you need, nigga  
Neighborhood supplier  
You better believe, nigga  
Smell it through the vac  
Don't even need to see it nigga  
CEO, AP on my arm  
Check my neck, 80 piece for this charm  
We ain't the same, I'm a king, you a pawn  
Your name ring bells  
Mine ring the alarm  
I led my niggas to the water, so we all drink  
My team strong ain't no room for barlink  
Still that same hood nigga  
What did yall think?  
If this me Oh Lord  
Yall done got me started, nigga  
Oh Lord  
That done got me flexin', nigga  
Oh Lord  
Walk in my garage just like chauffeur  
Pull up 0 to 100 real quick  
Black Bently pull up  
Looking like its gothic  
Street nigga throw up in a 50 just to wash it  
I get paid to go to cities just to moshpit  
Came a long from selling tins out the projects  
I know niggas never been to a college  
They just tryna whip a Benz out of pyrex  
Going hard on the Benz for the profit  
You ain't counting unless you box for deposits

I went from 0 to a million nigga real quick  
Big gun, I kill a nigga real shit  
You got a head cause I salivate real spit  
I went from 0 to a million just freestyling  
Dirty laundry, this way this money piling  
Seem like everywhere I go I get respect  
Seem like everywhere I go I get a cheque  
I went from 0 to some millions like I'm Alex nigga
