Waka Flocka Flame

I'm talking hands, hands, before we use our hands
We don't do no talking, we just run up with them hands
Hands, hands, man, I'm talking hands
Shawty, rep your set, but you gotta use your hands
Hands, hands, swinging, throwing bows
Bumping at the corn, they gon' find you on the floor
I'm talking hands, hands, before I let you know
Block Boyz, Brick Squad, Waka Flocka, G Zoe, let's go

Man, I'm tripping and I'm wilding and I'm buck, man, I'm crunk
If a nigga disrespect, we gon' beat his ass up
Got that chair behind, dog, I don't give a motherfuck
Blame Zoe, Blame Gucci 'cause I'm off the fucking chain
If a nigga disrespect, I'ma take his fucking chain
Disrespect him like a lame, man, you know what I claim
(Su-woo!) To the B gang
Man, I smell you, Piru, S.I.B. run this club
Throw them hands, you get dropped, watch your bitch suck me up
At the club, give me hug, homie, you got dropped
Take it to the parking lot, pop the trunk, that man got shot
Take it to the parking lot, pop the trunk, that man got shot

I'm talking hands, hands, before we use our hands
We don't do no talking, we just run up with them hands
Hands, hands, man, I'm talking hands
Shawty, rep your set, but you gotta use your hands
