Waka Flocka Flame

Girl drop drop that pussy for me  
Heard money make you cum so what you fuck my money  
Bitch so bad, she can have my money  
Pop that ass, girl make it rotate  
I say girl make it rotate  
Clap clap that ass for me  
Girl back it up, put that ass on me  
Can't catch feelings cause you fucked my homie

I fell in love with her swoop, one weekend she in love with the crew  
Must've been the red on the bottom of her shoes  
She ain't want me, she wanna fuck my crew  
Said she getting top if I drop my roof  
So I drop my roof  
Beat the pussy up like I produce  
And the bad ass millie like a vocal booth  
She turnin up the room on the violins  
All she need is some blunt and some molly  
Inside she tellin lies but I fuck her til she be honest  
When I'm inside she tellin lies, I fuck her til she be honest  
Got the pussy runnin like Sonic  
She speak in tongues, ebonics

Girl drop drop that pussy for me  
Heard money make you cum so what you fuck my money  
Bitch so bad, she can have my money  
Pop that ass, girl make it rotate  
I say girl make it rotate  
Clap clap that ass for me  
Girl back it up, put that ass on me  
Can't catch feelings cause you fucked my homie

Back the thing up like a dump truck  
Down for the squad, lookin for that, she a Gemini  
2 side, 2 story, said she love me  
Lied to her, only want my money  
We can play the game, dirty dive in it  
I flip the script, I fucked her friend  
2 wrongs don't make it right  
But it's right to me, wrong to you  
We even now, still beat it down from time to time  
No kissin, no make up  
Just there suck it, fuck your makeup  
Money make you cum, we'll come home  
Come to me girl, with yo thong on  
Leave yo feelings at home

Girl drop drop that pussy for me  
Heard money make you cum so what you fuck my money  
Bitch so bad, she can have my money  
Pop that ass, girl make it rotate  
I say girl make it rotate  
Clap clap that ass for me  
Girl back it up, put that ass on me  
Can't catch feelings cause you fucked my homie

I said if you want this money
