

Word To The Wise

Waka Flocka Flame

Two shots to his melon, Waka Flocka
Presidential flooded Benz's for my partners
For that dope and that Pyrex
The youngest in the projects
Will em' turn into pirates
Empty out your pockets
Murk you and ya partners
Roll ya body up in some carpet
Should've kept your mouth closed
Should've never started
Soon as I'm done I'm flipping in another cartridge
I'm a real shooter just call me James Harden
Don't mind me, my dog I'm just flossing
Better keep your distance
Proceed with caution
Fuck boy, fuck boy
Y'all just some fuck boys
Ain't gonna have it on me
Got ya' ass in a cup boy
Walk everywhere and my chain never talk, boy, talk, boy NEVER
Make a nigga heart beat acapella
Stomp a nigga out in Italian leather
You a street nigga then we birds of a feather
Make a girl fuck a girl just for the pleasure
I'm talking boss shit, real mob nigga
Turn your wife and money
Where your life guard, nigga?
El Chapo shit
Find your body parts, nigga
You ain't a drug dealer
You a rapping ass nigga
Just get cash rob your ass with no masks's
Spend a day in my hood probably won't last, nigga
