

Pigtails Are For Face Fucking

Waking the Cadaver

Forced deep into the separated cranium of a crusty used up slut
: my gigantic rod.
Swollen member penetrating her now empty eye sockets, and all o
ther holes are to be filled.
Crushing and fucking pulverized brain tissue with a still moist
tongue caressing my sack.
The bitch never saw that one comin.
She tried to scream, she tried to fight.
But I plugged her throat.
With my ten inch pipe.
She choked and gagged and punched for mercy.
But this whore should ave known better.
I busted out my trusty blade.
and removed her skull from her twitching body.
Now theres silence and the bitch is dead.
Finally I can fuck some face in peace and quiet.
