

# Lord Give Us Time

**Walter Hawkins**

Lord give us time  
To tell our sisters, and our brothers how tell them how to make  
it in, to your kingdom

Men are dying every where with no one to care (one to care) but  
with love we do yield to do thy will

Since we believe, we feel compelled to let everyone know...  
Give us time to tell our sisters, and our brothers how... tell  
them how to make it in, to your kingdom

We want to let every one... know
