

## Baby Please

Walter Meego

The light in your eyes  
is the light in my life  
It's dark here tonight  
without you in my life

So baby, baby  
Baby won't you come back to me  
to me  
to me  
Baby please

The touch of your hand  
can wake me up or make me understand  
You make the spell of the night time  
and bring the sunshine to my life again

So baby, baby  
Baby won't you come back to me  
to me  
to me  
Baby please

The light in your eyes  
is the light in my life  
It's dark here tonight  
without you in my life

So baby, baby  
Baby won't you come back to me  
to me  
to me  
Baby please (2x)
