

Lonely Weekends

Wanda Jackson

Well I make it alright from Monday morning till Friday night oh
those lonely weekends
Since you left me I'm as lonely as I can be oh those lonely wee
kends
Said you'd be good to me I said our love ain't gonna never ever
die
I said you'd be true to me but baby you didn't even try I make
it alright
From Monday morning till Friday night oh those lonely weekends
I make it alright...
Oh those lonely weekends oh those lonely weekends look out thos
e lonely weekends
