Today I Started Loving You Again

Wanda Jackson

Today I started loving you again I'm right back where I've real ly always been

I got over you just long enough to let my heartaches mend And then today I started loving you again

What a fool I was to think I could get by with only these few m illion tears I've cried

I should have known the worst was yet to come And that crying time for me had just begun Today I started loving you again...
Yes today I started loving you again
