

Lowrider

War

All my friends know the low rider
The low rider is a little higher

Low rider drives a little slower
Low rider is a real goer

Low rider knows every street, yeah
Low rider is the one to meet, yeah

Low rider don't use no gas now
Low rider don't drive too fast

Take a little trip, take a little trip
Take a little trip and see
Take a little trip, take a little trip
Take a little trip with me
