

## Where Was You At

War

I been down on my bending knees  
Where was you at?  
Where was you at?  
I've even sailed the seven seas  
Where was you at?  
Where was you at?  
I looked around for someone to help me  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)  
I looked around for someone to help me  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)

(Yeah!)

I've been here & there...everywhere  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)  
Talkin' 'bout 'round the world - lookin' for you, girl  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)  
I looked around for someone to help me  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)  
I've been here and there...everywhere  
Where was you at? (Where was you at?)  
Where was you at? (Where was you at?)

I looked...and I looked...

My pony, she bolts from end to end

Let me tell ya now, a dog is a man's best friend

...But a canine can't be mine (Huh!)
