You got the power
To keep my fire a-burnin'
You got the power
To keep my wheels a-turnin'

You keep me hot, don't stop Give me what you got, oh yeah Turn on the juice, turn loose Ain't that no excuse, oh no, no, no

You got the power To keep my fire a-burnin' You got the power To keep my wheels a-turnin'

You put the strain on the brain Girl, I'm goin' insane, oh yeah You turn me out, make me shout What's it all about?
Turn me out, make me shout

You got the power
To keep my fire a-burnin'
You got the power
To keep my wheels a-turnin'

And now tonight hold me tight Feel like dynamite, oh yeah You make me sweat, soakin' wet Ain't through nothin' yet

You got the power
To keep my fire a-burnin'
You got the power
To keep my wheels a-turnin'

I feel the rush when we touch Never get enough, oh no Save the best, don't go for less Got to make it last all night, all right

You got the power
To keep my fire a-burnin'
You got the power
To keep my wheels a-turnin'

You got the power
To keep my fire a-burnin'
You got the power
To keep my wheels a-turnin'

You got the power
To keep my fire a-burnin'
You got the power
