Warfare

Death - turn on tune in drop out.
Charge blackout cardiac
Death famine, rich man poor man.
Charge country town and city.
Death hear, see, do nothing
Charge rest us in our peace

You're so frightened and ya keep on running.
Locked in doors with your TV and your news,
Got ya wound up and there's no chance sinning
Don't pull the wool with their don'ts and do's.

Keep on running and paying but we'll never know why.

Death suburban rancid hatred
Charge barbed wire destroy
Death dirt grime marching onward
Charge bomb lodged in our earth
Death doomsday project fire.
Charge age demise now cry.

Death tax lawless you counteth.
Charge you were born to pay.
Death gothic system despise.
Charge rating cash then die.
