## Warfare

Won't see us running  
'cos that's their fate  
We'll shoot to kill them  
We're not too late  
Destroy with volume  
And drink too much  
Won't let them tell us  
They've met their match  
You see us coming  
Then run like hell  
With sheer volume  
We'll shoot to kill

This is Metal Anarchy  
This is Metal Anarchy  
This is Metal Anarchy  
This is Metal Anarchy

Pure filth was just the start  
Won't grind us down  
You boring fart  
We'll stand together  
And we'll stand strong  
Destroy their vision  
Before too long  
You see us coming  
Then run like hell  
With sheer volume  
We'll shoot to kill
