

Military shadow

Warfare

It's been some years
And I'm a tiger in a cage
From '67 I can't walk
To feel my rage
The crash is loud
And the brainwash ain't so nice
I walk on wheels
No confessions paid my price
Torture me and shoot me down
3ft high you'll take my crown
Torture me and shoot me down
3ft high you'll take my crown

I'm in a military shadow
I'm in a military shadow
I'm in a military shadow
I'm in a military shadow

I'm in the dark
Regurgitate and feel so sick
Just done my time
Beneath your effort theres a trick
You shoot me down
And you tear me limb from limb
But now I'm out
And I'm ready to kill
Torture me and shoot me down
3ft high you'll take my crown
Torture me and shoot me down
3ft high you'll take my crown

I'm in a military shadow
I'm in a military shadow
I'm in a military shadow
I'm in a military shadow

And the brainwash ain't so nice
I walk on wheels
No confessions paid my price
I'm in the dark
Regurgitate and feel so sick
Just done my time
Beneath your effort theres a trick
Torture me and shoot me down
3ft high you'll take my crown
Torture me and shoot me down
3ft high you'll take my crown

I'm in a military shadow
I'm in a military shadow
I'm in a military shadow
I'm in a military shadow
