

# Above Control

Warpaint

Above control  
Above control  
Above control  
Above control

I like to hear you  
I like your I love to sow  
I have I want to know  
To see the low  
It's getting madder than you know  
I wanna know  
See it know  
I love, I love, I love, I love  
No  
I love, I love, I love, I love  
Above control  
Above control

waking as something I can live without  
I wanna say it, but I don't  
I don't know  
Something gotta take me out to be above control  
Saying

Get outta my life  
Get outta my life  
Get outta my life  
Get me out  
Get outta my life  
Get outta my life  
Get outta my life  
Above control  
Above control

Now you see me walking on  
Somebody see if you, somebody see if you mind  
Get out, get out, get out, get out  
Above control  
Above control  
Above control

Have you seen me walking on solid?  
Have you seen me walking on solid?  
(Above control)  
Have you seen me walking on solid?  
Have you seen me walking on solid ground?
