

Bourbon County Line

Warrant

I was born on the wrong side of the tracks
Leave my home all alone never coming back
I can scream, I can shake like a heart attack
Gotta getaway running like a maniac

Bourbon county line is my chance out

I was born on the wrong side of the tracks
Leave my home all alone never coming back
I can scream i can shake like a heart attack
Gotta getaway running like a maniac

Bourbon county line is my chance out

Not a boy or a kid but still a Man
I'm a hurricane inside don't you understand
Caught the tiger by the tail without a plan
So insatiable feel like a trooper man

Bourbon county line is my chance out
Bourbon county line is my chance out

I had it all to excite but I left the town
Bourbon county is home
I'm getting out of here
Oh I'm getting out of here

Had a dream that I lived I another place
Had a vision that was more than the human race

Feel it in my bones
See it in my face
Shoot me like a rocket

Screaming into outer space

Gotta know wassup before I fail

Bourbon county line is my chance out

I had it all to excite but I left the town
Bourbon county is home
I'm getting out of here
Oh I'm getting out of here

I don't know when
And I don't now how
But I can't stay here
And I tell you now

I been had

I was born on the wrong side of the tracks
Leave my home all alone never coming back

I can scream i can shake like a heart attack
Gotta getaway running like a maniac

Gotta know wassup before I fail

Bourbon county line is my chance out

I had it all to excite but I left the town
Bourbon county is home
I'm getting out of here

Bourbon county line is my chance out

I had it all to excite but I left the town
Bourbon county is home
I'm getting out of here
Oh I'm getting out of here

I'm getting out of here
Oh I'm getting out of here
