

Cocaine Freight Train

Warrant

Hot says nowhere to go,
Hot as the dessert, she stings like a rose.
Waiting for someone to get her that text,
Protection, the friction, so good in a text.
Dance with the devil and she's in control,
Give her the chance and she'll burn thorough your soul.
Faster and faster we head by disaster
There's no slowing down till we fail!

Now I'm busy like a freight train,
Tired of being insane!
Money I don't care,
Come on you, I want more, and more, and more!

She got me wrapped around like a
Nothing outside of this room means a thing.
Every last touch chosen for more,
Too late for leaving when locking the door.
Dance with the devil and she's in control,
Give her the chance and she'll burn thorough your soul.
Faster and faster we head by disaster
There's no slowing down till we fail!

Man busy like a freight train,
Tired of being insane!
Money I don't care,
Come on, I want more, and more and more!

Now I'm busy like a freight train,
Tired of being insane!
Money I don't care,
Come on you, I want more, and more, and more!

Faster and faster we head by disaster
There's no slowing down,
Tired of being insane!
Money I don't care,
Come on, I want more, and more and more!
