I can't get up the nerve to call you But I want to call so bad To find out, who's holding on to The most beautiful thing I ever had

Babe I guess I never really took the time To show how much I care

Let it rain (rain)
Let it rain down on me
Hide these tears I'm crying
So no one can see
That I'm still not over you
But if you're over me
Let it rain (rain)
Let it rain down on me

We used to lay together like spoons It was the only way I could sleep And this pillow is a poor subsitute For your body next to me

I reach to pull you closer And remember you're not there

Let it rain (rain)
Let it rain down on me
Hide these tears I'm crying
So no one can see
That I'm still not over you
But if you're over me
Let it rain (rain)
Let it rain down on me

The rain is not so bad after all
It camouflages every tear that falls
It cleanses me of all the blame
I've put upon myself
I hear your married now
Well I hope he treats you well
Oh let it rain

Let it rain (rain)
Let it rain down on me
Hide these tears I'm crying
So no one can see
That I'm still not over you
But if you're over me
Let it rain (rain)
Let it rain down on me

I can't get up the nerve to call you
