

## Sex Ain't Love

### Warrant

Red light green light she goes all night  
how I play she only wanna dance  
Up down left right honey don't you look alive  
She got an itch that she wants me to scratch  
She don't want me to get too attached she said.

Sex ain't love  
Honey why you play me so tough  
We can do this all night long  
But baby sex ain't love.

You know that always she gives what she wanna get,  
No no yes yes I can't even take a guess  
All the table on the floor  
Bring your wrists against the door  
Messing with my heart feel with my head  
that's when she said, she says

Sex ain't love  
Honey why you ride me so rough  
We can get messed up with you all night long  
Sex ain't love.  
Sex ain't love  
Honey why you play me so tough  
We can get messed up with you all night long  
Sex ain't love.

Late for work late with the rent  
All I wanna do is get on you again

Come on now  
Come on now  
Mm give me what I need  
Said now baby  
Oh yeah you know, you know

Sex ain't love  
Honey why you play me so tough  
We can do this all night long  
But baby sex ain't love.

Sex ain't love oh no no  
Sex ain't love, sex ain't love,  
Sex ain't love.
