

Vertigo

Warrant

My head is floating in the clouds
My feet are in the ocean
My body is earth bound
My mind is an explosion

Right on time with that line
I'm a kite up in the sky
I don't want to wonder why
Don't stray to far away
I want to feel like this forever
Vertigo

My soul has caught the perfect wave
My spirit is my lover
I hope it rains for forty days
I will walk across the water
