R: Oh baby, don't u rush, don't u crush  
We gotta just take our time  
Hush, girl just hush,

Crush, on you, crushin you tonite.

Every now and then I feel a little about it,  
The VIP get a little crowded,  
You should see the piece with the diamonds inside it  
It's so vibrant, platinum all around it  
When I take flight, how can I stay grounded  
Got the 2 6 pep boys been around it  
Shawty wanna shake the spot like right now  
5 cut a cranberry saturn right now  
Mama got back, pretty little thang  
Kicked in the door with bullied out the game  
PYT, pretty young thang  
I told her cross over stop messin with the lames  
Switchin 4 lanes like money ain't a thang  
I got on 4 chains like money ain't a thang  
Yeah girl this is us tonight  
Take her back to the crib we gon crush tonight

R:

Anything for my boo, from fashion to asprin

Any soakin the till takin shots like biggie

Old man ain't the only one throwin up diamonds  
Throwin up dollars yeah I gotta have it

R:

These 4 walls can't contain my love  
Girl can we take this to the balcony  
This lil bed just ain't large enough  
For the two of us
