If We Give You a Chance

Warren G

Well...
Kinda hungry
Have you eaten?
Hardly any
Walking down sunset boulevardnelly
I had this miner on the lock
She said
That mutha fucker look finer
Than a fuck
But he's an eastcoast cat
Pure jelly ass
Nigga kick a rap that can impress
My L.A. ass
Disrespect
When I didn't deserve it
Hey you acting like earning the
Best rapper walk the earth yet (no)
I guess some big tymer tapping her
I huff, and puff
Blew her fat rat ass off
Blaze her
Shit, in the face
The most rapper
Why she acting like it didn't know
While I pulls up on her Rolls
I gets in it
I'm like bitch it's
Best you write down your number this minute
Catching her going
Just sparking off
And she came to her sister
Before the car took off

R: We know what to do
   If we give you the chance
   You'll fall in love
   And all the time won't remain
   The way you look
   Your touch is fine
   But I won't let you blow my mind

Lodi Dodi
We like to party
My nigga slick rick
Can still rock a party
It was 12:15 when I hit the scene
Fresh out from L.A.
Touching J.F.K.
I was on my way
To go get my bays
I'm a real one from L.A.
So I gots to say
I hit my nigga slick rick
And said I'm in town
Get some puerto rican freaks
Cause it's got to go down
So we hit every girl in the N-Y-C

```
I'm rush associated
So what's up with me
We fucked and flee off the hennesy
Girl just for me
Hit'em all for free
Beyatch!

R:
