Back in the High Life Again

Warren Zevon

It used to seem to me That my life ran on too fast And I had to take it slowly Just to make the good parts last But when you're born to run It's so hard to just slow down So don't be surprised to see me Back in that bright part of town

I'll be back in the high life again All the doors I closed one time will open up again I'll be back in the high life again All the eyes that watched me once will smile and take me in And I'll drink and dance with one hand free Let the world back into me And on I'll be a sight to see Back in the high life again

You used to be the best To make life be life to me And I hope that you're still out there And you're like you used to be We'll have ourselves a time And we'll dance 'til the morning sun And we'll let the good times come in And we won't stop 'til we're done

We'll be back in the high life again All the doors I closed one time will open up again We'll be back in the high life again All the eyes that watched us once will smile and take us in And we'll drink and dance with one hand free And have the world so easily And oh we'll be a sight to see Back in the high life again

We'll be back in the high life again All the doors I closed one time will open up again We'll be back in the high life again All the eyes that watched us once will smile and take us in And we'll drink and dance with one hand free And have the world so easily And oh we'll be a sight to see Back in the high life again
