Backs Turned Looking Down the Path

Warren Zevon

I was caught between the years Cost me nearly all my tears With my back turned looking down the path

Hit me like a ton of bricks
Had to have my outlook fixed
With my back turned looking down the path

People always ask me why What's the matter with me?
Nothing matters when I'm with my ba-a-by With my back turned looking down the path

We'll go walkin' hand in hand Laughin' fit to beat the band With our backs turned looking down the path

People always ask me why What's the matter with me?
Nothing matters when I'm with my ba-a-by With my back turned looking down the path

Some may have and some may not God, I'm thankful for what I got With my back turned, looking down the path With my back turned, looking down the path With my back turned, looking down the path
