

# I Used To Ride So High

Warren Zevon

I used to drive all night  
I used to drive all night, yeah  
I used to do alright for myself  
I didn't think about nobody else  
I used to drive all night, yeah

I used to ride so high  
I used to ride so high, yeah  
I used to think I had to be free  
I didn't notice that she needed me  
I used to ride so high, yeah

She said, "I'm sorry to see  
Be what you want me to be  
But I'll never forget  
That you coulda done better by me"  
Coulda done better by me, now, baby

I used to shake 'em on down  
I used to shake 'em on down, yeah  
I used to do alright for myself  
I didn't think about nobody else  
I used to shake 'em on down, yeah, yeah

She said, "I'm sorry to see  
Be what you want me to be  
But I'll never forget  
That you coulda done better by me"  
Coulda done better by me, now, baby

I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)  
I used to ride so high (I used to shake 'em on down)
