

Million Miles Away

Washed Out

So
Need a place to hide away
A chance to find a better place
To turn it all around

Fine
Choose a little peace of mind
Break out from the 9 to 5
And try to make it out this time

Keep waiting for a sign for things to turn around
Will I ever make it out
Can't count the times I've tried to change and get it right
Instead I just keep giving up
It's harder every day to leave and get away
I need to find a better place to stay

Time
Clock keeps spinning 'round and 'round
Window's getting smaller now
If you're gonna make it out, out

Keep waiting for a sign for things to turn around
Will I ever make it out
Can't count the times I've tried to change and get it right
Instead I just keep giving up
It's harder every day to leave and get away
I need to find a better place to stay

I need to find a better place to stay [x5]
