

A Grateful People-bless The Lord

Watermark

It is time that we give you honor
This is the day to give you
All the praise that you deserve
Yes, it's time to give you honor
This is the day to give you
All the praise that you deserve

A Holy King, of everything
Inhabit the praises of Your people
A Holy King, of everything
Inhabit the praises of Your people

Have we waited far too long to surrender
Forgive us Oh God the years
We failed to seek your face
Oh Lord, your mercy turns us into
Grateful people
We can't seem to find the words
So take our lives that there might be enough
To tell you how grateful
Lord, we are grateful

(Repeat all)

Bless the Lord, oh my soul
(He has done great things)
And all that is within me
(He had done great things)
Bless His holy name

(Repeat 3x)
