

# No Complaints No Conversation

Watsky

There's something wrong with her  
There's something wrong with me  
I don't think that's so wrong, we came by it honestly  
And honestly, I think mostly everybody does  
I don't blame you if you need to catch a buzz  
I've built so much armor, but ring the alarm  
I'm in love with someone who's bringing me harm  
I'll pick lovers who got monsters and we bond on mental health  
'Til they remind me of what's ugly in myself

But other than that  
But other than that  
I got no complaints and no conversation  
But other than that  
I got no complaints and no conversation  
But other than that  
I got no complaints and no conversation  
I got no complaints

I'm always on the brink  
About to fly or sink  
A minion with opinions told me that I shouldn't think so hard  
That shit just made me think so hard I couldn't sleep a wink  
Washed my red flags with my white flags and now all my laundry's pink  
I'm petty at best, someone to pity at worst  
Putty in beautiful hands, potty mouth ready to curse  
Cursed to be curious if all this is a scam  
And I had to Google narcissist to check if that's what I am

But other than that  
But other than that  
I got no complaints and no conversation  
But other than that  
I got no complaints and no conversation  
But other than that  
I got no complaints and no conversation  
I got no complaints

Either you get nothing  
But they make you pay and pay  
Or you get it till they take it all away  
Every day, every day  
It amazes me a hundred brand new faces  
But I'm still trying to figure out who they is, shi-  
I don't wanna settle one bit  
Bet that I'm gonna battle for somebody, but if  
I look at what we got and catch rot  
Then I'm gonna come in with a hatchet and I cut it down quick  
Cut around rust, cut around mold  
Everybody ends up cold  
Heads gotta roll, that's life  
And you gotta be the neck or the knife  
But I'm told that I can't quite quit this  
Constant itch to matter, my restless drive to win  
That's driving me, that drove away the closest of my kin  
How I twist away when deep relationships begin  
And shit, there's still the b'iness of the thinness of my skin

I'm vain, I'm lame, I'm strange and yet so typical  
I make the same mistakes, I don't change shit, and still  
My folks age and age, I hate to face facts  
And I feel I wear their faces as a mask

But other than that (I wear their faces as a mask)  
But other than that  
I got no complaints and no conversation  
(I wear their faces as a mask)  
But other than that  
I got no complaints and no conversation  
(As a mask)  
But other than that  
I got no complaints and no conversation  
I got no complaints
