

## Flurry

Wax

One, two, three, four

If you hit the ground hard enough, you'll bounce back up  
Try not to worry  
If it's cold, let it snow, you never know  
It might just be a flurry  
Right around the corner lies springtime  
With it comes the power of the sunshine to melt it all away (Oo  
h-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)

I used to always have to put on my tap shoes  
I used to be used to givin' bad news  
Used to have a refrigerator full of Band-Aids  
My own house back porch like a damn cage  
'Til now I had a dark cloud hovering  
Never thought about just outrunnin' it  
Now every single day got sun in it  
And everything I do got love in it

If you hit the ground hard enough, you'll bounce back up  
Try not to worry  
If it's cold, let it snow, you never know  
It might just be a flurry  
Right around the corner lies springtime  
With it comes the power of the sunshine to melt it all away (Oo  
h-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)  
Melt it all away (Ooh-ooh-ooh)
