

# I'm Through

Wax

My aren't you demanding  
You whine about every damn thing  
Every lil thing I say or do  
Ends up being something that offends you  
So I I'm through

I'm shocked by the extent of your audacity  
This is my house, ain't no one here going be harassing me  
You say your lil snipe remarks so casually  
It's blasphemy, let me tell you how it has to be  
It's my choice if I want to bite my fuck finger nail  
Or get INEBRIATED off to Crown and Ginger ALE  
I kick you out so fast it measures on THE RICHTER SCALE  
You got me confused with a different male  
Now I admit in the past with woman I've been kinda soft (no more)  
But see it's like now I'm moving towards it like a moth  
I already got a mother hon  
I don't need another one  
It's mad more fish in the sea, go find a dumber one

My aren't you demanding  
You whine about every damn thing  
Every lil thing I say or do  
Ends up being something that offends you  
So I I'm through

I ain't like the mother pussy you've been with in the past  
Constantly worshiping your pussy always kissing your ass  
I'm a in different class  
I'm a grown man, I'm a own man, stand alone man, got to where I am  
By executing my own plan and that program  
Didn't include no holding hands  
I don't need your guidance  
I don't need A LECTURE CLASS  
Disrespect me in my house again  
You can bet your ass  
You'll get kick out, without  
No ride get A METROPASS  
I ain't gonna get jealous you can go ahead and get some ass  
I ain't gonna get bitter on your FACEBOOK  
OR Twitter 'bout who you fucking with OR whatever  
IF you consider me a BULLSHITTER get your shit together  
Prepare for eviction  
Sick of that bitch I'm not gonna listen  
I'm a try something different  
If an opportunity walks by I'm going try  
Get the fuck out of my house, like that shit's on fire Ho!

My aren't you demanding  
You whine about every damn thing  
Every lil thing I say or do  
Ends up being something that offends you  
So I I'm through

NOW if you think I'm afraid to leave you  
Then go ahead and try your luck  
Cause you can beg and PLEAD AND get on your knees

But I still won't be giving a fuck
